

Lab Activity 3: Building an SPA for a Small Business (BOOTSTRAP) DEMONSTRATION

WHOLE WEBSITE SCREENSHOT:

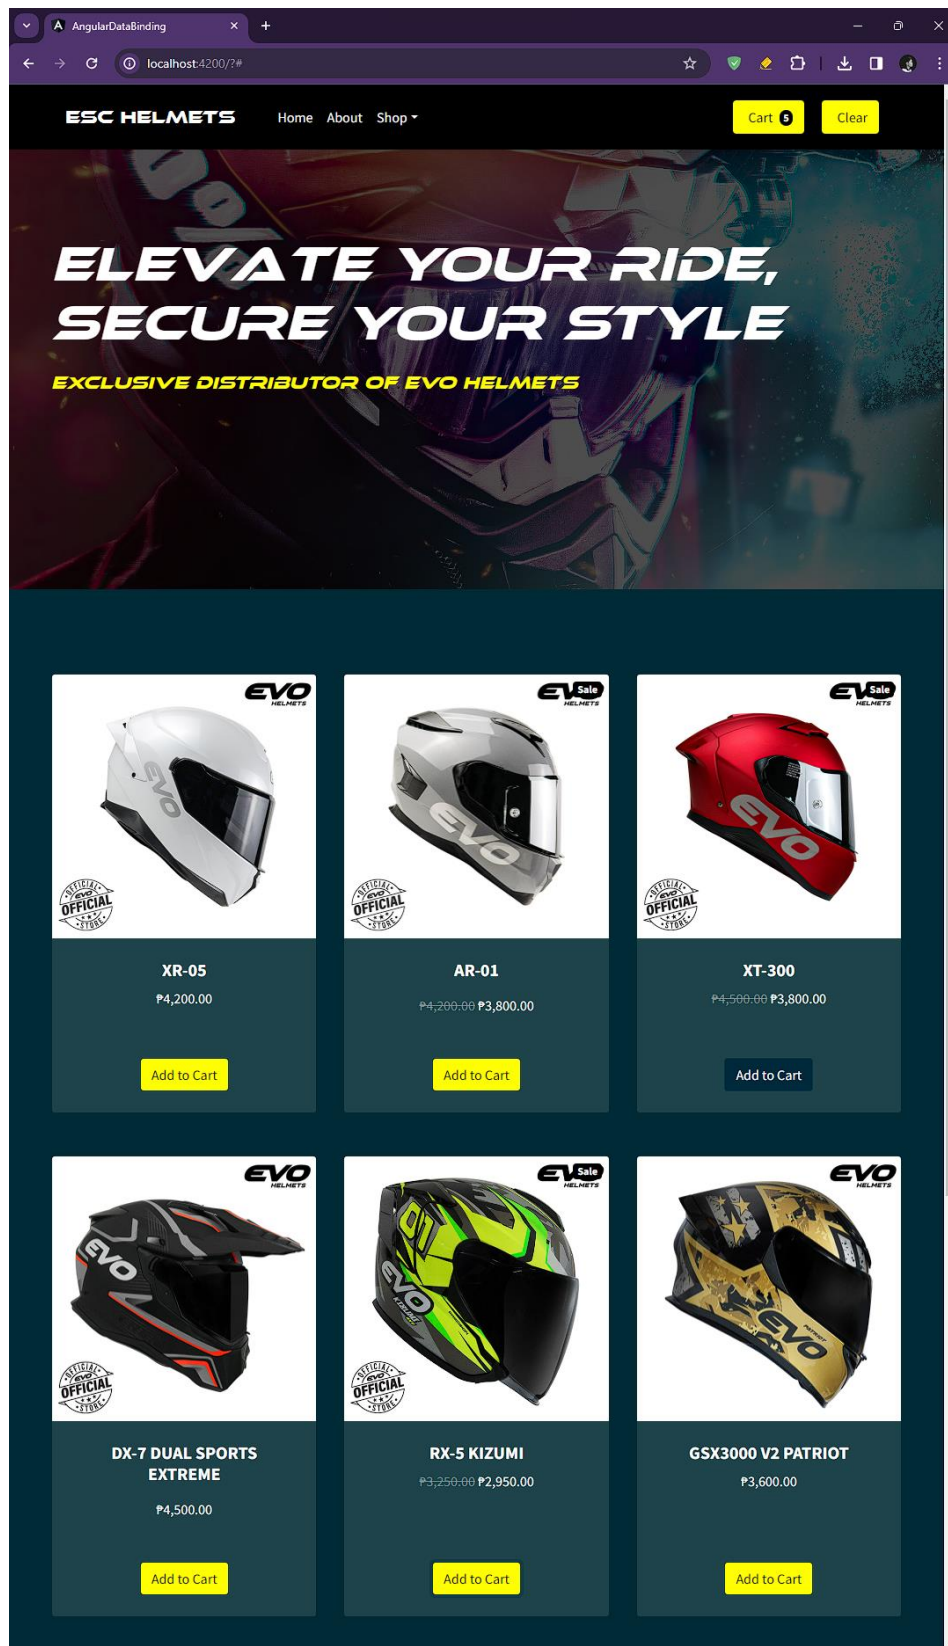

The method of data binding employed in this AngularJS website is effectively applied to the 'Add to Cart' and 'Clear' buttons. When you click the 'Add to Cart' button associated with each item below, it updates the Cart located at the top of the page. The Cart displays a counter indicating the number of items you have added. Additionally, a 'Clear' button is available, which, when clicked, promptly removes all items from the user's Cart, providing a convenient means to reset and empty the cart.
